Category title

Magnet holder

Connection

Fits blow gun 208 and 209 and MultiFLOW 210

Description

By complementing the blow gun with a magnet holder, customers facilitate the daily work and increase the flexibility of the suspension. The holder is easily assembled on either the right or left hand side of the gun.

Air & fluid guns accessories

Removable accessories for Series 208, 209 and MultiFLOW blow guns. Various tubes and nozzles are available to meet specific application requirements.

Check with an authorized CEJN distributor for availability and prices. All measurements are in mm. Other connections and sealing material on request. Some part numbers may be subject to minimum order quantities. CEJN reserves the right to make changes without further notification. Thread connections are listed according to ISO standards, unless stated otherwise.
